Re: Ex Parte Notice of MetroPCS Communications, Inc. -- In the Matter of
Developing a Unified Inter-carrier Compensation Regime; T-Mobile *et al.* Petition
for Declaratory Ruling Regarding Incumbent LEC Wireless Termination Tariffs,
CC Docket 01-92

Dear Ms. Dortch:

On April 5, 2005, the undersigned representatives of MetroPCS Communications, Inc. ("MetroPCS") were joined by Mark A. Stachiw, Vice President and General Counsel of MetroPCS, in a meeting with Commission staff members Peter Trachtenberg, Victoria Goldberg, Steven Morris, Tamara Preiss, Paul Murray, Scott Delacourt, and Nese Guendelsberger.

The purpose of the meeting was to discuss the Commission's Declaratory Ruling and Report and Order released February 24, 2005, in the above-captioned proceeding (the "*T-Mobile Order*"). In particular, the discussion focused upon various issues raised by the *T-Mobile Order*, including, the treatment accorded in the *T-Mobile Order* to incumbent local exchange carriers ("ILECs") and competitive local exchange carriers ("CLECs"), the possible factual and legal bases for those distinctions, the interconnection request rights accorded ILECs in the *T-Mobile Order*, the default rates accorded ILECs and CLECs under the *T-Mobile Order*, and the applicability of the rule changes and reasoning contained in the *T-Mobile Order* to wireless termination tariffs previously filed before state regulatory commissions by CLECs. The participants also discussed the possible impact of the decision in *United States Telecom Association v. Federal Communications Commission*, 359 F.3d 554 (U.S.App DC 2004) on the delegation to state commissions by the FCC of adjudicatory responsibilities over ILEC requests for interconnection agreement made pursuant to revised Section 20.11(f).

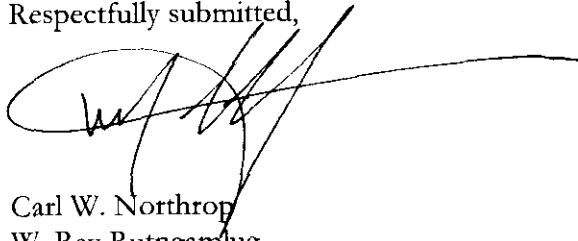

No written materials were distributed at the meeting.

Please refer any question in connection with this notice to the undersigned.
